Re: 2RF-134 Solaris Water Midstream Landes Water Recycling Facility C-147 Annual Extension

To Whom it May Concern,

Solaris Water Midstream, LLC. respectfully submits the enclosed C-147 form, summary of monthly inspections and leak detection for the Landes Water Recycling Facility. For original site plans and submittals, please refer to the facility's original registration application, OCD Registration number 2RF-134, received August 31st, 2018. In accordance with NMAC 19.15.34.10 RECYCLING CONTAINMENTS, Solaris Water Midstream wishes to seek a one-year extension to the facility. The annual extension dates requested will be from August 31st, 2023, to August 31st, 2024.

NMAC 19.15.34.10 RECYCLING CONTAINMENTS

C. Registered recycling containments may be operated for five years from the date on which the registration is filed with the division. The operator may extend the allowed time on an annual basis thereafter with division approval if, 30 days prior to the registration expiration, the operator files a form C-147 with an attached summary showing all monthly inspections at the containment, including the monitoring of the leak detection system, showing the containment's integrity has not been compromised.

Sincerely,

A handwritten signature in black ink, appearing to read "Chad Gallagher", is written over a light blue horizontal line.
