

A.P.

BEFORE THE OIL CONSERVATION COMMISSION
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE No. 2136
Order No. R-1844

APPLICATION OF BYARD BENNETT
FOR AN 80-ACRE NON-STANDARD
GAS PRORATION UNIT IN THE
JALMAT GAS POOL, LEA COUNTY,
NEW MEXICO, AND FOR AN UNOR-
THODOX GAS WELL LOCATION.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 o'clock a.m. on December 12, 1960, at Santa Fe, New Mexico, before Elvis A. Utz, Examiner duly appointed by the oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission," in accordance with Rule 1214 of the Commission Rules and Regulations.

NOW, on this 21st day of December, 1960, the Commission, a quorum being present, having considered the application, the evidence adduced, and the recommendations of the Examiner, Elvis A. Utz, and being fully advised in the premises,

FINDS:

(1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) That the applicant, Byard Bennett, is the owner and operator of the E/2 NW/4 of Section 24, Township 25 South, Range 36 East, NMPM, Lea County, New Mexico, which acreage the applicant proposes be established as an 80-acre non-standard gas proration unit in the Jalmat Gas Pool.

(3) That the applicant is the operator of a gas well in the Jalmat Gas Pool, located at an unorthodox location at a point 330 feet from the North line and 2310 feet from the West line of said Section 24, to which well the proposed 80-acre non-standard gas proration unit would be dedicated.

(4) That the necessity for the non-standard gas proration unit and unorthodox gas well location are occasioned by the fact that the subject well was originally projected as an oil well.

(5) That the proposed 80-acre proration unit can reasonably be presumed to be productive of gas from the Jalmat Gas Pool.

-2-

CASE No. 2136
Order No. R-1844

(6) That establishment of the above-described non-standard gas proration unit and approval of the proposed unorthodox gas well location will neither cause waste nor impair correlative rights.

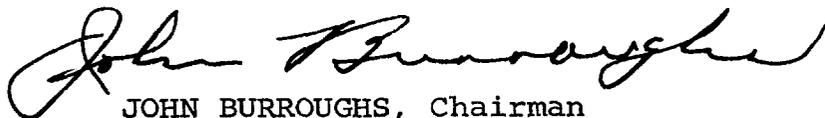

IT IS THEREFORE ORDERED:

(1) That an 80-acre non-standard gas proration unit in the Jalmat Gas Pool consisting of the E/2 NW/4 of Section 24, Township 25 South, Range 36 East, NMPM, Lea County, New Mexico, be and the same is hereby established. Said unit is to be dedicated to a gas well located on an unorthodox location at a point 330 feet from the North line and 2310 feet from the West line of said Section 24, which location is hereby approved.

(2) That the above-described gas well be and the same is hereby assigned an acreage factor for allowable purposes in the proportion that the acreage in the non-standard gas proration unit bears to the acreage in a standard gas proration unit in the Jalmat Gas Pool, subject to the provisions of the Special Rules and Regulations for said pool.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both primary and secondary data collection techniques. The analysis focuses on identifying trends and patterns over time, which is crucial for making informed decisions.

The third part of the report details the results of the data analysis. It shows a clear upward trend in sales over the period studied, with a significant increase in the latter half of the year. This is attributed to several factors, including improved marketing strategies and a strong economic environment.

Finally, the document concludes with a series of recommendations for future actions. It suggests continuing to invest in marketing and research to stay ahead of the competition. The author also notes that while the current performance is positive, there are still areas for improvement, particularly in customer service and operational efficiency.
