

3 BEAR DELAWARE

3 Bear Delaware Operating - NM LLC  
1512 Larimer St., Suite 540, Denver, CO 80202

Prod Month April-21  
Acct Month May-21  
Facility Name Libby Gas Plant  
Lease/Meter Name Aztec 14-23 3BSL 2H B  
Meter Number 212001001

| Analysis       | Mol%     | GPM    |
|----------------|----------|--------|
| Methane        | 67.7440  |        |
| Nitrogen       | 1.9170   |        |
| Carbon Dioxide | 0.1300   |        |
| H2S            | 0.0000   |        |
| Other Inerts   | 0.0000   |        |
| C2             | 14.7980  | 3.9760 |
| C3             | 8.3600   | 2.3140 |
| IC4            | 1.1420   | 0.3750 |
| NC4            | 3.1610   | 1.0010 |
| C5+            | 2.7480   | 1.0170 |
| Totals         | 100.0000 | 8.6830 |
| Wellhead Btu   | 1.40710  |        |
| Residue Btu    | 1.05340  |        |

**QUESTIONS****Determination of Reporting Requirements**

*Answer all questions that apply. The Reason(s) statements are calculated based on your answers and may provide additional guidance.*

|                                                                                                                                                                                                                                                                                          |                                               |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|
| Was or is this venting or flaring caused by an emergency or malfunction                                                                                                                                                                                                                  | Yes                                           |
| Did or will this venting or flaring last eight hours or more cumulatively within any 24-hour period from a single event                                                                                                                                                                  | No                                            |
| Is this considered a submission for a notification of a major venting or flaring                                                                                                                                                                                                         | Yes, minor venting or flaring of natural gas. |
| <b>The operator shall file a form C-141 instead of a form C-129 for a release that includes liquid during venting or flaring that is or may be a major or minor release under 19.13.29.7 NMAC.</b>                                                                                       |                                               |
| Was there or will there be at least 50 MCF of natural gas vented or flared during this event                                                                                                                                                                                             | Yes                                           |
| Did this venting or flaring result in the release of ANY liquids (not fully and/or completely flared) that reached (or has a chance of reaching) the ground, a surface, a watercourse, or otherwise, with reasonable probability, endanger public health, the environment or fresh water | No                                            |

**Unregistered Facility Site**

*Please provide the facility details, if the venting or flaring occurred or is occurring at a facility that does not have an Facility ID (##) yet.*

|                       |                             |
|-----------------------|-----------------------------|
| Facility or Site Name | AZTEC 14-23 FED COM BATTERY |
| Facility Type         | Flare Stack - (FS)          |

**Equipment Involved**

|                                                           |                |
