| Natural Gas Vented (Mcf) Details                                    | Not answered. |

|                                                                           |                                                                                                                                                                                                                                                   |
|---------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Natural Gas Flared (Mcf) Details                                          | Cause: Midstream Emergency Maintenance   Other (Specify)   Natural Gas Flared   Released: 70 Mcf   Recovered: 0 Mcf   Lost: 70 Mcf                                                                                                                |
| Other Released Details                                                    | Not answered.                                                                                                                                                                                                                                     |
| Additional details for Measured or Estimated Volume(s). Please specify    | Issue downstream with gathering company's system which caused a curtailment in our gas takeaway capacity. Flared intermittently for less than 8 hours after notification. Flared 70 MCF intermittently over Oct 10th and 11th ; no liquid spilled |
| Is this a gas only submission (i.e. only significant Mcf values reported) | Yes, according to supplied volumes this appears to be a "gas only" report.                                                                                                                                                                        |

| Venting or Flaring Resulting from Downstream Activity                      |                                    |
|----------------------------------------------------------------------------|------------------------------------|
| Was or is this venting and/or flaring a result of downstream activity      | Yes                                |
| Was notification of downstream activity received by you or your operator   | Yes                                |
| Downstream OGRID that should have notified you or your operator            | [330263] Longwood RB Pipeline, LLC |
| Date notified of downstream activity requiring this venting and/or flaring | 10/10/2021                         |
| Time notified of downstream activity requiring this venting and/or flaring | 10:00 PM                           |

| Steps and Actions to Prevent Waste                                                                                             |                                                                                                                            |
|--------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| For this event, the operator could not have reasonably anticipated the current event and it was beyond the operator's control. | True                                                                                                                       |
| Please explain reason for why this event was beyond your operator's control                                                    | Unanticipated issue downstream with gathering company's system which caused a curtailment of gas takeaway capacity for us. |
| Steps taken to limit the duration and magnitude of venting and/or flaring                                                      | We flared for less than 8 hours.                                                                                           |
| Corrective actions taken to eliminate the cause and reoccurrence of venting and/or flaring                                     | We flared for less than 8 hours.                                                                                           |
