	Initial Re	esponse
The responsible	party must undertake the following actions immediately	unless they could create a safety hazard that would result in injury
➤ The source of the rele	ease has been stopped.	
▼ The impacted area has	as been secured to protect human health and	the environment.
Released materials ha	ave been contained via the use of berms or d	ikes, absorbent pads, or other containment devices.
➤ All free liquids and re	ecoverable materials have been removed and	I managed appropriately.
<u> </u>	d above have <u>not</u> been undertaken, explain v

11/1		
Der 10 15 20 8 B (4) NM	AAC the responsible party may commence to	emediation immediately after discovery of a release. If remediation
		efforts have been successfully completed or if the release occurred
		lease attach all information needed for closure evaluation.
		pest of my knowledge and understand that pursuant to OCD rules and
		ications and perform corrective actions for releases which may endanger CD does not relieve the operator of liability should their operations have
failed to adequately investig	gate and remediate contamination that pose a threa	at to groundwater, surface water, human health or the environment. In
addition, OCD acceptance o and/or regulations.	of a C-141 report does not relieve the operator of a	responsibility for compliance with any other federal, state, or local laws
