Released to Imaging: 8/1/2022 1:29:01 PM

| Was this a major release as defined by 19.15.29.7(A) NMAC? | If YES, for what reason(s) does the responsible party consider this a major release?  |
|--|---|
| ☐ Yes ⊠ No   |   |
|  |   |
| If YES, was immediate no                                   | otice given to the OCD? By whom? To whom? When and by what means (phone, email, etc)?   |
|  |   |
|  | Initial Response  |
| The responsible  | party must undertake the following actions immediately unless they could create a safety hazard that would result in injury   |
| The source of the rele                                     | ease has been stopped.  |
| The impacted area ha                                       | as been secured to protect human health and the environment.  |
| Released materials ha                                      | ave been contained via the use of berms or dikes, absorbent pads, or other containment devices.   |
| All free liquids and re                                    | ecoverable materials have been removed and managed appropriately.   |
| If all the actions describe                                | d above have not been undertaken, explain why:  |
|  |   |
|  |   |
|  |   |
|  |   |
|  |   |
| Per 19.15.29.8 B. (4) NM                                   | AC the responsible party may commence remediation immediately after discovery of a release. If remediation  |
|  | a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred nt area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.                                 |
|  | ormation given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and   |
|  | required to report and/or file certain release notifications and perform corrective actions for releases which may endanger ment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have |
| failed to adequately investig                              | gate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In  |
| and/or regulations.  | of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws   |
