| Other (describe) | Volume/Weight Released (provide units)NA Due to storms the Enardo Valve was struck by lightning | Volume/Weight Recovered (provide units) NA |

Cause of Release:

On October 2, 2023, DCP Ops discovered a fire at Linam Ranch Enardo Valve on the P Tank due to a Lightning strike. The fire was in the incipient stage and was extinguished by operations. There were no injuries, Emergency Services were not notified, there was very little damage (to Enardo Valve), and there are no emissions calculable for this event.

| Subject: | Small incipient fire/ Linam Ranch GP Lea County |
| Date: | Monday, October 2, 2023 8:06:04 PM |
| Attachments: | image004.png |

Mr. Bratcher: I was notified of small fire that occurred around 07:00 pm (10/02/2023) at the LINAM RANCH Gas Plant in Lea County (32.695075 -103.285081). The fire was in the incipient stage and was extinguished by operations. There were no injuries, Emergency Services were not notified, there was very little damage (to an Enardo Valve atop of a tank which was struck by Lightning during this evenings Thunderstorms), and there are no emissions calculable for this event.

Therefore;

In an abundance of caution and to meet potentially applicable reporting deadlines, DCP is submitting this initial report based on the information currently available and DCP's understanding of the facts at this time; however, DCP's investigation and assessment is ongoing. DCP therefore reserves the right to supplement and revise the information in this initial report if and as new information becomes available. DCP also reserves the right to raise any arguments, facts, or defenses regarding this incident, including that this incident is not a "major release" as defined by 19.15.29.7(A) NMAC.

Please contact me if you have any additional questions or concerns for this possible NOR.

Thank you Nick
