Attachments: Gissler A2 TB analytical.1.pdf

All

Attached is the analytical of the initial sampling from the Gissler A-2 TB. At this moment, the areas of SP-1, SP-2, SP3, & SP-4 is where we are concentrating our remediation efforts. The areas of SP-1 & SP-2 have had approximately 1' of material removed. The areas of SP-3 & SP-4 have been excavated to a depth of 4' below surface, and a liner has been installed. Prior to the installation of the liner, we trenched in the area of SP-3 to further delineate. I will send the analytical for that once we have received it. If there are any questions or concerns, feel free to contact us. Thank you.

RE: GISSLER A #2 BATTERY

Enclosed are the results of analyses for samples received by the laboratory on 06/19/15 8:12.

Cardinal Laboratories is accredited through Texas NELAP under certificate number T104704398-13-5. Accreditation applies to drinking water, non-potable water and solid and chemical materials. All accredited analytes are denoted by an asterisk (*). For a complete list of accredited analytes and matrices visit the TCEQ website at www.tceq.texas.gov/field/qa/lab_accred_certif.html.

Cardinal Laboratories is accredited through the State of Colorado Department of Public Health and Environment for:

Method EPA 552.2	Haloacetic Acids (HAA-5)
Method EPA 524.2	Total Trihalomethanes (TTHM)
Method EPA 524.4	Regulated VOCs (V1, V2, V3)

Accreditation applies to public drinking water matrices.

This report meets NELAP requirements and is made up of a cover page, analytical results, and a copy of the original chain-of-custody. If you have any questions concerning this report, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Celey D. Keene". The signature is written in a cursive style.

PLEASE NOTE: Liability and Damages. Cardinal's liability and client's exclusive remedy for any claim arising, whether based in contract or tort, shall be limited to the amount paid by client for analyses. All claims, including those for negligence and any other cause whatsoever shall be deemed waived unless made in writing and received by Cardinal within thirty (30) days after completion of the applicable service. In no event shall Cardinal be liable for incidental or consequential damages, including, without limitation, business interruptions, loss of use, or loss of profits incurred by client, its subsidiaries, affiliates or successors arising out of or related to the performance of the services hereunder by Cardinal, regardless of whether such claim is based upon any of the above stated reasons or otherwise. Results relate only to the samples identified above. This report shall not be reproduced except in full with written approval of Cardinal Laboratories.

Yes I do. Sorry about that. Again, SP-1 thru 4 are what we are working on right now. Once the tank battery has been rebuilt and put back into service, we will begin the remediation of the additional sample points. I've also attached the field data as a reference.

Johnny,

This will work for me. As soon as we have the areas SP-1 thru SP-4. I would like to move right into the areas to the west and southwest, sooner than later. The construction of the pad extension can proceed as soon as you are through with areas SP-1 thru SP-4. If any questions, please get back to me. thanks
