---

Crystal,

There was no witness, the lease operator just showed up to the location and saw standing fluid away from any of our equipment and believes it was an illegal dumping by an unknown party. It is on our pad. Below are the GPS coordinates, it is right off Curry Comb Rd. I don't really have a good panoramic view at all, this is the best I have at the moment.

Hello Brett,

Do you all have pictures of this event? Were there any witnesses that saw it happen? I will listen to the voicemail and if any of that is mentioned then I apologize for asking for it now. However, if we don't have witnesses who took photos of it happening it becomes pretty hard to determine if it is dumping and who did the dumping. But, we can at least document it with what we do have. The dumping occurred on a Devon pad?

So if you all would not mind sharing coordinates or anything else you have on it that would be great.

Thank you,

**Crystal Weaver**

Crystal/Mike,

I just received a call from one of our assistant foremen stating that one of his lease operators discovered what he believes is a produced water illegal dumping. The area is approximately 50 x 50' x 2" . I haven't had one of these in a while and so I'm not sure how you all are handling these currently. Crystal, I also left a voicemail on your office phone on this, I apologize for the length of the voicemail.

Thanks,
