## QUESTIONS

| Prerequisites     |                                          |
|-------------------|------------------------------------------|
| Incident ID (n#)  | nAPP2231476257                           |
| Incident Name     | NAPP2231476257 YOUNG #1 TANK BATTERY @ 0 |
| Incident Type     | Oil Release                              |
| Incident Status   | Incident Closure Approved                |
| Incident Facility | [fAPP2201832674] Young #1                |

| Location of Release Source |                       |
|----------------------------|-----------------------|
| Site Name                  | YOUNG #1 TANK BATTERY |
| Date Release Discovered    | 11/10/2022            |
| Surface Owner              | Federal               |

| Sampling Event General Information                                                              |                                                                                                                                                                                                                                                                     |
|-------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Please answer all the questions in this group.</i>                                           |                                                                                                                                                                                                                                                                     |
| What is the sampling surface area in square feet                                                | 700                                                                                                                                                                                                                                                                 |
| What is the estimated number of samples that will be gathered                                   | 11                                                                                                                                                                                                                                                                  |
| Sampling date pursuant to Subparagraph (a) of Paragraph (1) of Subsection D of 19.15.29.12 NMAC | 02/09/2026                                                                                                                                                                                                                                                          |
| Time sampling will commence                                                                     | 08:00 AM                                                                                                                                                                                                                                                            |
| Please provide any information necessary for observers to contact samplers                      | Carmona Resources – 432-813-8988                                                                                                                                                                                                                                    |
| Please provide any information necessary for navigation to sampling site                        | (32.767207,-103.729833) – The areas of FS03 & FS05 with chloride data >600mg/kg will be remediated at this time as the well pad is being reclaimed. Depth to groundwater has been verified and an updated remediation/reclamation closure report will be submitted. |
