# **Permit Comments**

Operator: MARBOB ENERGY CORP , 14049
Well: UGLY STIK STATE #004

API: 30-015-35212

Created By	II : Omment	Comment Date
MARBOB4	Marbob Energy has conducted a review to determine if an H2S contingency plan is required for the above referenced well. We were able to conclude that any potential hazardous volume would be minimal. H2S concentrations of wells in this area from surface to TD are low enough; therefore we do not believe that an H2S Contingency Plan would be necessary.	10/25/2006
