Gentlemen:

This letter is to RESCIND the termination of Communitization Agreement NMNM82527. A letter dated November 21, 2014 indicated that because the well, Saguaro AGS Fed Com 1 (3001526206) was plugged and abandoned from the Canyon formation effective 11/13/2013, the Communitization Agreement NMNM82527 was mistakenly terminated effective 11/30/2013, the last day of the month in which the well was plugged back.

Communitization Agreement NM82527 was approved August 13, 1990, effective as of December 6, 1989. This agreement communitized the S2 of sec. 11, T. 20 S., R. 24 E., NMPM, Eddy County, New Mexico involving 80 acres of Federal land in lease NM043625, 40 acres in Federal land in lease NM045275, and 200 acres of Fee land comprising a 320 acre well spacing unit as to natural gas and associated liquid hydrocarbons producible from the Canyon and Morrow formations.

We are, therefore, rescinding the letter of termination and now consider the Communitization Agreement NMNM82527 active and in full force and effect from the original effective date of 12/06/1989.

Please contact Deborah Ham at (575) 234-5965 if you have any questions.

Sincerely,
