13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

OXY USA INC requests approval to add Salt Flat CC "20-29" Federal Com #13H to Salt Flat Train #2 in PLC 750C. This well will be included in a currently approved pool (Pierce Crossing; Bone Spring) and currently approved proposed consolidated leases (CA BS 20-29 E2 T24S R29E) in PLC 750C. The C-102 is attached.

The facilities described in PLC 750C are unchanged – each facility has a sales-quality orifice meter (BLM gas FMP or equivalent meter) that continuously measures gas volume before it leaves the facility. Any commingling of wells upstream of these meters has been approved according to the Commingling Orders for each individual facility.

This request is for gas production only. Oil production will be handled through an amendment to PLC-659A for Salt Flat Battery Train #2 (C-20-24S-29E).
