COG Operating LLC respectfully requests permission to Temporarily Abandon the Double ABJ State #1. Three additional wells will be drilled on the same pad as the Double ABJ State #1 beginning 8/17/2022. COG Operating LLC is concerned the drilling rig may collide with the existing wellbore while drilling the new wells. Seeking to immediately isolate the wellbore's producing interval and provide collision avoidance, COG Operating LLC believes the TA process is the most expedient course of action. Temporary abandonment operations are expected to begin as soon as the TA is approved.

See attached procedure and well bore diagrams.
