Hi Jenny,

The Delaware pool is correct. I've added it to the well record and requested that the Bone Spring pool be removed. The past production will need to be assigned to the correct pool.

Hi Kate,

It appears that at the time of the permit/completion of the subject well the pool code was not designated. I am wanting to check with you on the most accurate pool code for this well as the BLM has on their paper work that the well is in the Delaware formation and the NMOCD has completions in the Bonespring. Can you please provide the correct pool code for this location? If it is different than what the NMOCD has on file, how should I move forward with changes? I appreciate your feedback.
