Procedure Description: Tap Rock requests to extend the referenced APD 2 additional years beyond the primary 2-year term. 1. The well pad is currently constructed. 2. Market volatility and decline lead to decrease in activity for an extended time. Covid pandemic and other variables have led to shortage of a qualified labor market further delaying projects in the interest of safety. 3. With the uncertainty of labor market due to Covid and other variables, market prices and development schedule, there are no guarantees regarding timing. Giving an estimate would be in bad faith.
