## JOB INFORMATION SHEET

| Company Information     |                         |                 |
|-------------------------|-------------------------|-----------------|
| Company Name:           | HILCORP                 |                 |
| Address:                |                         |                 |
| Well Information        |                         |                 |
| Well Name:              | SAN JUAN 30-5 UNIT #216 | 3003924828      |
| Location:               | T30N-R5W-SEC20          |                 |
| Field – Pool:           | BASIN FRUITLAND COAL    |                 |
| Status:                 |                         |                 |
| Test Information        |                         |                 |
| Type of Test:           | POOH STATIC GRADIENT    |                 |
| Gauge Depth:            | 3000 ft                 |                 |
| Production Interval:    | 0 ft to 0 ft            |                 |
| Production Through:     |                         |                 |
| Tubing Pressure:        | 20 psi                  |                 |
| Casing Pressure:        | 0 psi                   |                 |
| Shut In Time            |                         |                 |
| Status:                 |                         |                 |
| Temperature @ Run Depth | 108.46 degF             |                 |
| Surface Temperature:    | 68.24 degF              |                 |
| Gauge Information       |                         |                 |
|                         | Top Recorder            | Bottom Recorder |
| Serial Number:          | 76167                   |                 |
| Calibration Date:       | 4/4/2021                |                 |
| Pressure Range:         | 6000 psi                |                 |
| Comments                |                         |                 |
|                         |                         |                 |
