QUESTIONS		
Subsequent Report of: Location Ready For OCD Inspection After P&A		
Was this the last remaining or only well on the location	Yes	
Are there any abandoned pipelines that are going to remain on the location	No	
Is there any production equipment or structure (not including steel marker, poured onsite concrete bases, or pipelines) that is going to remain on the location	No	
If any production equipment or structure is to remain on the location, please	Surface owner requested	I pad be left in-place for ranching operations. Surface owner
specify	removed EOG's combo to	o locked gate to location.
Site Evaluation		
Please answer all the questions in this group.		
Have all the required pits been remediated in compliance with OCD rules and the terms of the Operator's pit permit and closure plan	Yes	
Have the rat hole and cellar been filled and leveled	Yes	
Have the cathodic protection holes been properly abandoned	Yes	
Has a steel marker, at least 4 inches in diameter and at least 4 feet above ground level, been set in concrete	Yes	
The (concrete-set) steel marker shows: Must attach marker photograph(s). *	LETTER, SECTION, TOWN	EASE NAME AND WELL NUMBER AND LOCATION, INCLUDING UNIT NSHIP AND RANGE, SHALL BE WELDED, STAMPED OR OTHERWISI ED INTO THE MARKER'S METAL.
Has the location been leveled as nearly as possible to original ground contour	Yes	
Have all the required pipelines and other production equipment been cleared	Yes	
Has all the required junk and trash been cleared from the location	Yes	
Have all the required anchors, dead men, tie downs and risers have been cut off at least two feet below ground level	Yes	
Have all the required metal bolts and other materials have been removed	Yes	
Poured onsite concrete bases do not have to be removed.		
Have all the the required portable bases been removed	Yes	
Have all other environmental concerns have been addressed as per OCD rules	Yes	
If any environmental concerns remain on the location, please specify	Not answered.	
* Proof of the site marker (photograph) is required.	1

QUESTIONS

Abandoned Pipelines		
Only need to provide answers in this group, if any pipelines have been abandoned (in accordance with 19.15.35.10 NMAC).		
Have all fluids have been removed from any abandoned pipelines	Not answered.	
Have all abandoned pipelines been confirmed to <u>NOT</u> contain additional regulated NORM, other than that which accumulated under normal operation	Not answered.	
Have all accessible points of abandoned pipelines been permanently capped	Not answered.	

Last Remaining or Only Well on the Location		
Please answer all questions that apply in this group, specifically if there is no longer going to be any well or facility remaining at this location.		
Have all electrical service poles and lines been removed from the location	Yes	
Is there any electrical utility distribution infrastructure that is remaining on the location	No
