Grant, my apologies for the delayed response. Targa will pull the meter and meter run, and flange off the ends of the pipe. This work will be done before the end of the year (most likely middle of December). I would give a more precise timeframe, but with the holidays, things always end up moving a bit slower.

Grant, I did. He told me what they are looking for and I have asked my ops team timing on the request. Once I have that, I can send you an e-mail confirming we are doing the work for you to send to Kerry.

Dustin – the contact at the NMOCD is a guy named Kerry Fortner.

Kerry.Fortner@state.nm.us

He is usually pretty responsive via phone call text as well:

575-263-6633

I texted him and gave him a heads up that you would be contacting him.

Thanks for your help Dustin,

Grant Hawkins
