**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Good evening Kenny and Monica,

Based on the attached CBL run today on the DUFF GAS COM 1E, Hilcorp requests approval to proceed with the following:

- PLUG #1 – No Change; proceed with designed plug per NOI
- PLUG #2 & PLUG #3 – Based on the adjusted OJO top stated in the COA's in the attached approved NOI, Hilcorp requests to combine Plug #2 and Plug #3. The plan will be to spot an inside plug from 650' to surface.

Please let me know if you have any questions or concerns with this plan.

Thanks,

**John LaMond**
