Re: Notification and Verification of a Standard Well Location for the Golden
Graham 1 State Com 725H (30-015-48316), Sec 1, T26S, R28E, Eddy
County, NM

Dear Mr. Lowe:

Included with this letter are the following documents demonstrating that the above referenced well will be drilled at a standard oil well location:

- C-102 Plat dated February 8, 2021, showing the proposed location of the Golden Graham 1 State Com 725H, respectively;
- "Area of Common Ownership Plat" separately showing the spacing units for the well; and
- Certification of Ownership demonstrating the outlined area on the plat is comprised of three state leases, with uniform ownership.

19.15.16.15.C(7) NMAC provides that in area of common ownership (here, three state leases) the setback requirements only apply to the outer boundary of the area of uniform ownership, not the spacing unit within the area of uniform ownership. Since the area to the east towards which this well encroaches is within the documented "area of common ownership," this well is at a standard location and approval of a non-standard location for the well is not necessary.

Please place this Notification and Verification of a Standard Well Location in the well files for Golden Graham 1 State Com 725H (30-015-48316).

Respectfully submitted,

A handwritten signature in black ink that reads "Lisa Youngblood".
