Procedure Description: BLM Bond NMB001079 Surety Bond No.: RLB0015172 As previously discussed with the BLM, while drilling this well we became stuck and will be skidding over to spud the well using a new surface hole location, as reflected in this sundry. As reflected in the attached, the completed lateral and bottom hole location for the well remains the same. Based on our communications with the NMOCD, we understand the NMOCD will then assign the replacement well under this sundry a new API number, leaving the original, partially-drilled wellbore with its same API number. The original well will be named BO HOWARD 1211 FED COM 124Y (API 30-015-54141). The well we will skid to spud will be named BO HOWARD 1211 FED COM 124H and will be assigned a new API # from NMOCD. Please see the attached supporting documents.
