Hello Leslie,

I just finished the task for the Corral Bluff in Prepared Decision. They should be with Cody. The two Gold Logs in question, I had to send them back to COA's for them to come back to me in a deficiency. There was issues with the Latitudes and Longitude points. I will work on getting these back to me. I will update you when I have completed that task.

Thank you,

Morning Tenille!

I hope you are having a good week and that it is cooling off over there in NM. I noticed several APDs towards the end of the process almost ready for Cody's signature. Anything you can do to push these through is greatly appreciated.

Let me know if you need anything on our end! Thanks for everything.

Keith/Tenille - the last two Gold Log APDs, when Tenille completed prep decision pkg in AFMSS it went to Saman and Julio. Is there something we need to do in AFMSS to get these back on track?
