The NAT #1 well remains to be plugged and abandoned as the Operator is in ongoing negotiations with other business entities desiring to co-develop the opportunities that this cased well offers. Geothermal and liquid waste disposal opportunities are being considered by experts in the respective fields, to this end, additional time thru the Fourth quarter 2014 is requested, before concluding that the well should be plugged and abandoned. Progress and specific details of intended use will continue to be submitted to NMOC in a timely manner.
