Dear Ms. Howell:

During a record review of CA number NMNM 129911 the BLM found an error in the effective date. The effective date of a CA is the date of or prior to production of Federal Number 11M well. The date was February 6, 2013. All the BLM records and leases have been updated to reflect the correct date of July 9, 2012. Please update Burlington Resources Oil & Gas Company to reflect the correct date and notify any required entity.

Enclosed you will find a corrected Determination – Approval – Certification page to insert into the CA record.

If you have any questions regarding the Communitization Agreement, please contact me at the above address or telephone (505) 564-7741.

- B. Approve the attached Communitization Agreement covering: E½ Section 23, T. 26 N., R. 6 W., Rio Arriba County, New Mexico, as to natural gas and associated liquid hydrocarbons producible from the Basin Mancos formation. This approval will become invalid *ab initio* by the Authorized Officer should then public interest requirements under Section 3105.2-3(e) not be met.
- C. Certify and determine that the drilling, producing, rental, minimum royalty and royalty requirements of the Federal lease or leases committed to said agreement are hereby established, altered, changed, or revoked to conform with the terms and conditions of the agreement.
- D. Approval of this agreement does not warrant or certify that the applicant and other working interest owners thereof hold legal or equitable title to the leases, which are committed hereto.
