**Attention: Bonnie Husband**

Re: Administrative application (*NMOCD Administrative application reference No. pKRV0-235835106*) for Saga Petroleum L.L.C.'s ("Saga") recently drilled and completed Conoco State Well No. 3 (*API No. 30-025-35961*) at an unorthodox Tubb wildcat gas well location within the SE/4 of Section 33, Township 18 South, Range 38 East, NMPM, Lea County, New Mexico, being a standard shallow gas spacing unit in accordance with **Division Rule 104.C (3)**, 2110 feet from the South line and 2055 feet from the East line (Unit J) of Section 33.

Dear Ms. Husband:

I am in receipt of your January 24, 2003 correspondence concerning Saga's belated notification in this matter. Within the comprehensive listing of offset mineral interest owners Conoco, Inc. is listed several places; however, they were not notified. Was this an oversight or is there an explanation?

Since the submitted information is insufficient to review, the application was still ruled incomplete on January 28, 2003. Please submit the above stated information by Wednesday, February 5, 2003.

The Division cannot proceed with your application until the required information is submitted. Upon receipt, the Division will once again continue to process your application. The additional information can be faxed to (505) 476-3471, or mailed to the Division in Santa Fe. If the necessary information is not submitted, your application will be returned to you and Saga will be required to shut-in the Conoco State Well No. 3.

Again, should you have any questions concerning this matter you will first want to contact your legal counsel, Mr. William F. Carr in Santa Fe at (505) 988-4421. Thank you.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer

~~Please advise - I presumed since the lease was a farmout to Penroc in 1971 and assigned to Saga by Penroc that Conoco did not have to be notified. Was my presumption incorrect? If so Conoco will be notified ASAP. Thanks~~

I just received your telefaxed response to my January 28th letter. Your explanation concerning the Conoco to Penrock to Saga farmout "trail" is sufficient. Thank you.
