Application for Non-Standard Well Location
Schwerdtfeger A LS Well No. 9A API # 30-045-26636
SE/4 Section 31-T28N-R08W
Otero Chacra Pool
San Juan County, New Mexico

BP America Production Company respectfully requests an administrative approval for a non-standard well location for the Schwerdtfeger A LS Well No. 9A to be recompleted into the Otero Chacra Pool. The subject well was drilled by Tenneco Oil Company in 1986 at a non-standard well location for the Blanco Mesaverde Pool: Administrative Order NSL - 2124, dated August 21, 1985 (copy attached for your reference).

It is our intent to complete the well into the Otero Chacra Pool and downhole commingle production with the existing Mesaverde Pool. Application for permission to downhole commingle production is being submitted to the Aztec District Office.

The spacing unit for this well is the SE/4 Section 31 as shown on attached C-102. Also attached is a 9 section plats with the subject well and surrounding wells and operators identified, and a copy of Tenneco's application and approval for the original NSL exception.

All offset operators are being notified of this application via certified mail return receipt requested.

Your attention to this matter is greatly appreciated. Should you have any questions concerning this application please do not hesitate to call me at 281-366-4491.

Sincerely,

A handwritten signature in black ink that reads "Mary Corley". The signature is fluid and cursive, with the first name being larger and more prominent than the last name.

Attention: Scott McKinney

Administrative Order NSL-2124

Gentlemen:

Reference is made to your application for a non-standard location for your Schwerdtfeger A LS 9A well to be located 1320 feet from the South line and 520 feet from the East line of Section 31, Township 28 North, Range 8 West, NMPM, Blanco Mesaverde Pool, San Juan County, New Mexico. The E/2 of said Section 31 shall be dedicated to the well.

By authority granted me under the provisions of Rule 104 F(I), the above-described unorthodox location is hereby approved.

Sincerely,

R. L. STAMETS, DIRECTOR

Sec. 31, T28N R8W
San Juan County, NM

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with an ownership plat for the above referenced well.

Due to the proposed well being located on the edge of a mesa and extreme drops in elevations to the west and south, this location does not meet state spacing requirements. This is the only geologic and topographic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements. A copy of the application is being sent by certified mail to the offset lease holders.
