Michael E. Stogner
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Mr. Stogner:

Pursuant to Division Rule 104.F.(2), Devon Energy Production Company, L.P. ("Devon") applies for administrative approval of an unorthodox oil well location for the following well in both the San Andres formation (South Red Lake Queen-Grayburg-San Andres Pool) and Glorieta/Yeso formations (Undesignated Northeast Red Lake Glorieta-Yeso Pool):

<u>Well:</u>	Eagle 34A Federal Well No. 49
<u>Location:</u>	425 feet FNL & 230 feet FEL
<u>Well Unit:</u>	NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, Township 17 South, Range 27 East, N.M.P.M., Eddy County, New Mexico

Devon also requests approval of simultaneous dedication of this well unit (i) in the San Andres formation with the existing Eagle 34A Federal Well No. 1, and (ii) in the Glorieta/Yeso formations with the planned or existing Eagle 34A Federal Well No. 39.

Both the South Red Lake Queen-Grayburg-San Andres Pool and Northeast Red Lake Glorieta-Yeso Pool are developed on statewide rules. An APD for the well, with a Form C-102, is attached as Exhibit A.

The application is based on engineering and topographic reasons. Attached as Exhibit B is a well plat of Glorieta-Yeso wells drilled or being drilled by Devon in Sections 34 and 35, Township 17 South, Range 27 East, N.M.P.M., and Sections 2 and 3, Township 17 South, Range 27 East, N.M.P.M. Devon has an ongoing program to develop

the Glorieta/Yeso by drilling two wells in each quarter-quarter section, in a northeast-southwest pattern. Wells are being placed in the northeast and southwest corners of each well unit to equalize the distance between the wells.

Devon planned on drilling the well at an orthodox location 330 feet FNL & FEL of Section 34. However, there is an electric line requiring the well to be moved south and east from that location. See Exhibit A.

The locations are based on the Glorieta/Yeso, but since the well will also penetrate the San Andres, Devon will also attempt a completion in that zone.

Attached as Exhibit C is a land plat, highlighting the well unit. The following leases are involved:

<u>Acreage</u>	<u>Lease</u>
NW $\frac{1}{4}$ NW $\frac{1}{4}$ §35	United States Lease LC 067849
NE $\frac{1}{4}$ §34	United States Lease NM 0557370

A listing of interests in the offsetting lease, together with a portion of a recent title opinion, are attached as Exhibits D and E. Royalty interests are the same in both leases. The working interest and overriding royalty owners in the offsetting lease are as follows:

Devon Energy Production Company, L.P.
Occidental Permian Limited Partnership
Jane Ann Hudson Davis
Joan A. Hudson
Jonel Susan Grasso

The interest owners have been notified of this application by the letter attached hereto as Exhibit F.

Please call me if you need any further information on this matter.

Very truly yours,

James Bruce
