Oil Conservation Division
Attn: Mike Stogner
2040 South Pacheco
Santa Fe, NM 87505

Dear Mr. Stogner:

Mack Energy Corporation respectfully requests an administrative approval without notice and hearing of the following unorthodox well location.

Because of our desire to drill these wells in a timely manner, we also request your approval be expedited. The well locations and legal descriptions are as follows:

Anteater Federal #5
1140 FNL & 2310 FEL
Sec. 35, T17S, R32E
Lea County, New Mexico

The wells will be completed in the Delaware formation.

Attached to this application are the following exhibits.

- A.) Well location and acreage dedication plats (form C-102) filed with the Hobbs office of the Oil Conservation Division (Exhibit A).
- B.) A map showing the proposed unorthodox locations, the respective proration units, and the offsetting proration units (Exhibit B).
- C.) A topographic map showing the reason for the unorthodox locations, the original location was moved at the request of the BLM representative during the on-site inspection due to the sand dunes that are habitat for a specific Sand Dune Lizard.

*Oil Conservation Division
May 18, 2004
Page 2*

There are no other possible orthodox locations for this well, due to the fact that future wells will be staked on 10 acre spacing units.

Also, please note that the Mack Energy group has 100% of the working interest in this lease.

Should you have any questions concerning the reasons for moving the location, you can contact Don Peterson at the Carlsbad Bureau of Land Management (505) 887-6544.

Thank you for your assistance in this matter. If you have any questions, please feel free to call.

Sincerely,

MACK ENERGY CORPORATION
