Re: Application of OXY USA for Unorthodox/Non-Standard Well Location,  
Bravo Dome Carbon Dioxide Unit, Section 18, Unit D, T22N, R34E, Well  
182; Application No. PSEMO—415530509

Dear Examiner Stogner:

This is submitted on behalf of Poole Leasing Inc./Poole Chemical Inc. who holds  
unleased minerals in the SW4 of Section 13, T22N, R33E and holds royalty interest in  
the E2 of Section 13, T22N, R33E. Both interests are affected by the above -referenced  
application at an offsetting unorthodox location.

Please be advised that our client objects to the application and puts OXY USA to  
proof, if any, justifying its proposed well location. We would appreciate this being  
considered as a request for leave to intervene and receive notice of any further  
proceedings concerning the application.

Notice of this objection is being provided by copy of this letter to Mr. Alan J.  
Schwartz, the representative for OXY USA who served notice of the application on  
Poole Leasing, Inc.

Sincerely,

GALLEGOS LAW FIRM, P.C.
