Re: Application of Mission Resources Corporation for Administrative Approval for a non-standard gas spacing unit, Jalmat Gas Pool, Lea County New Mexico

Dear Mr. Hartman:

Thank you for your letter of August 20, 2004, regarding Mission Resources Corporation's Administrative Application on July 22, 2004. As you know, objections must be filed in writing at the Oil Conservation Division (the "Division") within *twenty days* from the date the Division receives the application. R. 104(F)(4). The application was hand-delivered to the Division on July 22, 2004 and proper notice was mailed to all interested parties the same day.

Please be advised that neither your letter of August 20, 2004 nor this response thereto should be construed as a waiver of Mission Resources Corporation's right to object to any future application filed by you that affects an interest of Mission Resources. However, we look forward to cooperating with you in the future and will cooperate with you whenever possible as we both proceed with our respective plans for the development of the Jalmat Gas Pool.

Very truly yours,

William F. Carr  
Attorney for Mission Resources Corporation

cc: Mark E. Fesmire, P.E.  
Oil Conservation Division

Ms. Nancy Gatti
