Oil Conservation Division  
Attn: Mike Stogner  
2040 South Pacheco  
Santa Fe, NM 87505

Dear Mr. Stogner:

Mack Energy Corporation respectfully requests an administrative approval without notice and hearing of the following unorthodox well location.

Because of our desire to drill this well in a timely manner, we also request your approval be expedited. The well location and legal description is as follows:

White Star Federal #6  
1650 FNL & 1115 FEL  
Sec. 29, T17S, R29E  
Eddy County, New Mexico

The well will be completed in the Paddock formation in the East Empire Yeso Pool.

Attached to this application are the following exhibits.

- A.) Well location and acreage dedication plat (form C-102) filed with the Artesia office of the Oil Conservation Division (Exhibit A).
- B.) A plat showing the proposed unorthodox locations, the respective proration units, and the offsetting proration units (Exhibit B).
- C.) A map showing the reason for the unorthodox location, the original location would have fallen on top of or too close to existing pipelines and existing facilities (Exhibit C).
- D.) A lease & well location map showing that there is 1 well producing, 1 well staked and 2 other possible locations for effective 10-acre spacing on this particular 40-acre tract (Exhibit D).

Oil Conservation Division

March 1, 2000

Page 2

*Moving the location 125' west will give the distance needed to build a location away from the existing well, facilities, and pipelines. The location would have to be moved approximately 400 feet east to get away from the existing facilities and pipelines to make it orthodox. This will interfere with the other 2 locations that will be staked in the future. There are no other possible orthodox locations for this well due to future locations being located on 10-acre spacing.*

*By copy of this letter including the exhibits to all parties, we are notifying them by certified mail return-receipt requested of the unorthodox location. Please find the attached list of parties in which this unorthodox location encroaches. Also, please find the attached Signature Page in which all working interest owners have approved the unorthodox location.*

*Thank you for your assistance in this matter. If you have any questions, please feel free to call.*

*Sincerely,*

MACK ENERGY CORPORATION

Dear Mrs. Terry:

*This letter will serve as a notice that Mack Energy Corporation has requested administrative approval from the NMOCD for unorthodox location for the White Star Federal #6 under Rule 104.F. (3), due to the existing pipelines, well and facilities. The location for this well is 1650 FNL & 1115 FEL in Section 29-T17S-R29E, Eddy County, New Mexico. The well is encroaching the SW/4 NE/4 and the NW/4 NE/4 of Sec. 29-T17S-R29E in the East Empire Yeso Pool.*

*Should your company have any objection, it must be filed in writing within twenty (20) days from the date of this notice. The Division Director may approve the unorthodox location if no objection to the unorthodox location has been made within the 20 days after the application has been received.*

Sincerely,

MACK ENERGY CORPORATION
