Re: Non Standard Location Waivers  
Puckett "A" WH #1 and #2  
Application For Permit To Drill  
T17S R31E Section 24

Dear Mike:

As a result of my conversations with Mark Ashley, enclosed please find waivers from Wiser Oil Company covering the referenced locations, which we failed to attach to the Applications for Permit To Drill submitted to your office on our behalf by Joe Janica.

Wiser and Hudson recently put together a Line Agreement covering a portion of the four mile common boundary between the waterflood projects on our Puckett Leases and their Skelly Unit. The purpose of this Agreement is to allow us to drill the "5 spot" infill locations that fall on the line, with the intent being to complete the wells as Grayburg/San Andres producers.

Should you need any additional information in order to approve these APD's, please don't hesitate to call me. Thank you very much.

Yours sincerely,

E. Randall Hudson III
