RE: Atlantic #1

Lea County, New Mexico

Dear Mr. Stogner,

SDX Resources, Inc. has acquired the rights to the Jalmat gas interval under a 160 acre proration unit located in the SW/4 of Sec. 34 T22S R36E. This proration unit was previously dedicated to Arco Permian's Hale WN # 1 well located in unit letter K. Arco set a CIBP over the perfs with a cement cap and temporarily abandoned this well in 1993. SDX wishes to drill a new well named the Atlantic # 1 at the above mentioned location and request that this letter serve as application for administrative approval to dedicate this 160 acre proration unit to the new well. A lease map of the surrounding area and copies of the contiguous Jalmat gas proration units are included in this application for your review. A copy of this application has been sent to the contiguous offset operators and a list of these operators along with proof of notice to each accompanies this application. Your assistance on this is greatly appreciated.

Sincerely,

Chuck Morgan
