Re: Surface Commingling Application
Birds of Prey Gas Gathering System
Willow Lake; Delaware Pool
Eddy County, New Mexico

Dear Mr. Butler:

We are in receipt of your letter of April 8, 2003 requesting our approval to surface commingle the gas produced from the Eagle "4" State Well No. 1 (API 30-015-32569), Falcon "10" Well No. 1 (API 30-015-32571) and the Peregrine "10" Well No. 1 (API No. 30-015-32312) at the Birds of Prey Gas Gathering System. It is our understanding that the gas will be metered using an orifice meter before leaving the well tank battery.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Please submit a \$30.00 filing fee.

Please contact Ms. Debbie Padilla at 505/827-5729 regarding a possible right-of-way through the NE/4SW/4 of Section 04-25S-28E and the NW/4NE/4 of Section 10-25S-28E.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,
