The request to add these wells to the commingling operations is hereby approved. Commingled oil and gas production from the wells detailed above shall be measured and sold at the Central

Delivery Point (CDP), located in the NW4/SW/4 Unit K of Section 8, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico.

Production from each well shall be measured by periodic Well Tests, and monthly production shall be allocated back to each well using the allocation procedures developed by the operator. This allocation procedure is included in this order by reference.

NOTE: This installation shall be installed and operated in accordance with the applicable Division Rules and Regulations. It is the responsibility of the producer to notify the transporter of this commingling authority.

FURTHER: The operator shall notify the Artesia District office of the Division prior to implementation of commingling operations.

DONE at Santa Fe, New Mexico, on July 6, 2011.
