Eddy County, New Mexico

Dear Ms. Bailey:

Pursuant to Division Rule 19.15.15.13, Apache Corporation ("Apache") respectfully requests administrative approval of an unorthodox oil well location for its proposed N B Tween State No. 24. This well will be drilled as a development oil well in the Artesia Glorieta-Yeso Pool (96830).

The proposed N B Tween State No. 24 will be dedicated to an existing standard 40-acre oil spacing and proration unit in the Artesia Glorieta-Yeso Pool comprising the SE/4 NW/4 of Section 25. This unit is currently dedicated to the existing Apache N B Tween State No. 6 (API No. 30-015-36626) located 2400 feet from the North line and 1540 feet from the West line, and the Apache N B Tween State No. 9 (API No. 30-015-36797) located 1650 feet from the North line and 2480 feet from the West line.

The Artesia Glorieta-Yeso Pool is currently governed by Division Rule 19.19.15.9 which requires standard 40-acre oil spacing and proration units with wells to be located no closer than 330 feet to the outer boundary of the spacing unit.

The attached vicinity map shows that the proposed unorthodox well location is necessary in order to avoid existing surface roads and pipelines.

The affected offset acreage includes the SW/4 NE/4 and NW/4 SE/4 of Section 25, Township 17 South, Range 28 East. Both of these affected tracts are existing 40-acre spacing units in the Artesia Glorieta-Yeso Pool, and both are operated by Apache. The working interest ownership between the SE/4 NW/4 and SW/4 NE/4 is common. Please note however, that the working interest ownership between the SE/4 NW/4 and the

affected offset tract comprising the NW/4 SE/4 is not common. Consequently, Apache is providing notice of this application to all working interest owners in this affected offset tract. These working interest owners include COG Operating LLC, Khody Land & Minerals Company, Chase Oil Corporation, and Yates Petroleum Corporation.

Attached is a Form C-102, vicinity map, map showing the affected offset acreage, notice letter and notice list.

In summary, approval of the application will provide Apache Corporation the opportunity to recover additional oil and gas reserves from the Artesia Glorieta-Yeso Pool underlying the SE/4 NW/4 of Section 25 that may otherwise not be recovered by the existing wells, thereby preventing waste, and will not violate correlative rights.

If you should have any questions, please call me at (505) 690-9453.

Sincerely,

David Catanach, Agent
