RE: Application for Unorthodox Location
Administrative Approval Request
RDX Federal 21 #44
API No. 30-015-41193
1,150' FSL & 990' FEL (Unit P)
Section 21-26S-30E
Eddy County, New Mexico

Dear Ms. Bailey:

RKI Exploration & Production, LLC ("RKI") respectfully requests administrative approval of an unorthodox oil well location for its RDX Federal 21 #44 well at the location described above, currently permitted in the Brushy Draw; Delaware, East Pool (8090), which requires standard 40-acre spacing with wells located no closer than 330 feet to the outer boundary of the spacing unit.

The RDX Federal 21 #44 was originally planned to be staked at an orthodox location of 990' FSL & 990' FEL but had to be moved north to its existing location of 1,150' FSL & 990' FEL due to a BLM request to avoid a large archaeological site that covers the majority of Unit P.

RKI is the operator and sole lessee of all offsetting tracts, being Units J and I of Section 21-26S-30E and Unit L of Section 22-26S-30E; therefore notification of this application is not required.

Please find attached a Form C-102 along with a plat showing the well location, affected offsets and boundaries of the archaeological site necessitating the move to the current non-standard location.

Thank you for your assistance in this matter. Should you have any questions or need any additional information, please do not hesitate to contact me by phone at 405.996.5767 or via email at creid@rkixp.com.

Sincerely,
RKI EXPLORATION & PRODUCTION, LLC
