**REQUEST FOR ADMINISTRATIVE APPROVAL
NONSTANDARD LOCATION
ELM RIDGE EXPLORATION COMPANY, LLC
JICARILLA APACHE A 21
1610' FNL & 899' FEL
SECTION 35, T. 25 N., R. 5 W., RIO ARRIBA COUNTY, NM
API 30-039-31127**

I. The oil well (see APD as Exhibit A) is on Jicarilla Apache Nation surface and Jicarilla Apache Nation oil and gas lease Jicarilla Contract 9 (2,560 acres). The well is 1,030' from the closest lease line (Exhibit B). The oil well is nonstandard for the Lindrith Gallup-Dakota; West (Pool 39189) due to land uses (BIA Road J-18). Elm Ridge requests a nonstandard location due to land uses. The well was planned to be staked 1650 FNL & 990 FEL. However, a pad staked at that spot would block BIA Road J-18 (Exhibit C).

A standard location must be at least 330' from the quarter-quarter line. The well bore is 290' from the north quarter-quarter line (see C-102 as EXHIBIT D). Thus, it is 40' too far north.

II. Form C-102 showing the well and 160 acre pro ration unit (NE4 Section 35) is attached as Exhibit D.

Exhibit E shows the existing Gallup Dakota acreage dedications (dashed lines). The well encroaches 40' too far north. The encroachment is part of the same Jicarilla Apache Nation lease.

Elm Ridge operates the Gallup Dakota well (Jicarilla Apache A 7; 30-039-21151) to the north in the SE4 Section 26 and two of the bordering quarter sections (NW4 Sec. 35 and NW4 Sec. 36). There are no Gallup Dakota dedications in the SW4 Sec. 25 and SW4 Sec. 26, though both these quarter sections are part of Elm Ridge's lease. Elm Ridge and its partners have 100% of the Gallup Dakota working interest in the affected offset quarter sections. Energen has the 3 dedicated quarter sections to the south (S2 Sec. 35 & SW4 Sec. 36),

Closest (1,114' northwest) Gallup Dakota well was Elm Ridge's Jicarilla Apache A 10 (30-039-21373) that was plugged and abandoned in 2004. Next closest (1,928' east) Gallup Dakota well is Elm Ridge's Jicarilla Apache A 9 (30-039-21235). It is a producing well.

III. The Tribal oil and gas lease boundary is shown on EXHIBIT B. The well encroaches to the north. The encroachment is part of the same Tribal lease. Six existing Gallup Dakota pro ration units (see Exhibit E) touch the proposed pro ration unit. Three are Elm Ridge operated. Three are Energen operated. The two remaining, but undedicated, quarter sections are on Elm Ridge's lease.

Elm Ridge and its partners have 100% of the Gallup Dakota working interest in the quarter section in which the well is located (NE4 Section 35), the quarter section (SE4 Section 26) toward which the well encroaches, the closest cornering quarter sections (SW4 Section 25 and SW4 Section 26), and the two adjacent bordering quarter sections (NW4 Section 35 and NW4 Section 36). This information is current and correct.

IV. Exhibit E shows the proposed well, proration unit, and all wells. Gallup Dakota wells are circled. Elm Ride does not believe directional drilling to a standard location from an existing pad is cost effective for this well.

V. BIA Road J-18 prevents a standard location.

VI. Archaeology is not an issue.

VII. The well was planned to be staked 1650 FSL & 990 FEL. This was an effort to minimize road construction as requested by the Jicarilla Apache Nation. However, BIA Road J-18 prevents a standard location.

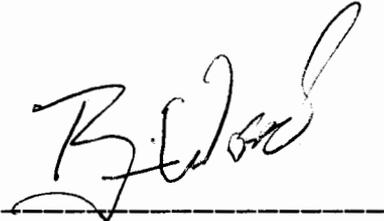

VIII. Apache does not believe directional drilling to a standard location is cost effective for this well.

IX. I hereby certify that Elm Ridge Exploration Company, LLC and its partners have 100% of the Gallup Dakota working interest in the lease which comprises the proposed 160 acre spacing unit and the adjacent quarter sections (SW4 Section 25 and S2 Section 26) on one or more of the two sides or the single closest corner to the proposed well toward which it encroaches and that the information is current and correct.

I hereby attest that I, on or before the date that the application was submitted to the division, sent notification to the affected persons (see EXHIBIT F) by certified mail, return receipt requested, advising them that if they have an

objection it must be filed in writing within 20 days from the date the division receives the application. These affected persons have working or royalty interests in quarter sections that border the 160-acre spacing unit. Said notice was sent to:
