Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Ramblin Rose 23 Fed 5H well in the W/2W/2 of Section 14, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

Dear Ms. Bailey:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Ramblin Rose 23 Fed 5H Well** to be completed within the Jennings; Bone Spring, West Pool (Pool Code 97860) underlying Section 14, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico. This well will be drilled from a surface location 450 feet from the North line and 945 feet from the West line of Section 23. The upper most perforation will be located 50 feet from the South line and 1129 feet from the West line (Unit M) of Section 14 and the lower most perforation will be 330 feet from the North line and 1130 feet from the West line of Section 14 (Unit D). Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox because it is closer than 330 feet to the eastern boundary of the project area. Approval of the unorthodox completed interval will prevent waste of a productive portion of the reservoir and improve well performance.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Ramblin Rose 23 Fed 5H Well** encroaches on the spacing and proration units to the South, Southeast, East and Northeast.

Exhibit B is a land plat for Section 14 and the surrounding sections that shows the proposed **Ramblin Rose 23 Fed 5H Well** in relation to adjoining units and existing wells.

HOLLAND & HART^{LLP}

Exhibit C is a list of parties affected by the encroachment to the Northeast. A copy of this application with all attachments has been sent by certified mail to these parties advising them that if they have an objection it must be filed in writing with the division within 20 days from the date the division receives this application. EOG is the sole operator and mineral lessee of the federal lease covering Sections 14 and 23. Accordingly, there are no affected parties by the encroachment to the South, Southeast and East. Nonetheless, a copy of this application has been provided to the Bureau of Land Management.

Your attention to this matter is appreciated.

Sincerely,

Michael H. Feldewert

Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Ramblin Rose 23 Fed 5H well in the W/2W/2 of Section 14, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the New Mexico Oil Conservation Division on this date. Any objection to this application must be filed in writing within twenty days from this date with the applicant and the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico, 87505. If no objection is received within this twenty-day period, this application may be approved administratively by the Division.

If you have any questions about this application, please contact the following:
