RE: Administration Order SWD-1333, Oxy Doc Slawin Fed #1
API # 30-015-33180

Dear Sir or Madam,

Judah Oil, LLC respectfully request a **6 month** extension to the above referenced Administrative Order. We suffered a lightning strike to our unloading station in August 2012 which destroyed our entire facility. This incident put us back many months. We are now proceeding with the utilization of this wellbore. The Federal permits are submitted and waiting on approval. Once we have been approved, we will immediately begin to re-enter the Doc Slawin Federal # 1 well for Salt Water Disposal purposes.

Thank you for your help with this matter.

Sincerely,

James B. Campanella
