Re: Legend Natural Gas III, LP, NSL Application
Browning Federal Com 4H
Unit B, Section 20 T-24S, R-28E
Unit A, Section 17 T-24S, R-28E
Eddy County, New Mexico

Attn: Mr. Michael McMillan:

Pursuant to Division Rule 19.15.15.13, Legend Natural Gas III, LP respectfully requests administrative approval of a non-standard location (NSL) for the Browning Federal Com 4H in Eddy County, New Mexico. This application is being sent in regards to the Browning Federal Com 3H proposed production interval being 160.0' at the first take point and 168.7 at the last take point from the West quarter/quarter line in Section 17, T-24-S, R-28-E in the Willow Lake; Bone Spring, North pool (64450).

The affected offset wells to the Browning Federal Com 4H are the Browning Federal Com 5H and the Browning Federal Com 6H, all proposed APD's with the Bureau of Land Management. Notification has been send via certified mail to the offset mineral owners as well as working interest owners. Copies of the certified mail receipts are attached.

Approval of this application will allow Legend Natural Gas to recover additional oil and gas reserves from the Willow Lake; Bone Spring pool underlying the middle two quarter sections of Section 17 that may otherwise not be recovered by the other proposed wells, thereby preventing waste and will not violate correlative rights.

If you have any questions please contact I at (817)872-7822 or Mr. John McCauley at (281)644-5972.

Sincerely,

Jennifer Elrod
