RE: Administrative Order SWD-1439; Extension of Deadline

Phillips State Well No. 1 (API 30-025-01271)

1980' FSL, 660' FWL; Unit I, Sec 25, T16S, R33E, NMPM, Lea County, New Mexico

Order Date: September 24, 2013

Injection into the lower Wolfcamp formations; approved interval: 10772 feet to 10829 feet

Mr. Pritchard:

Reference is made to your request, dated September 1, 2015, on behalf of TLT SWD, LLC for a one-year extension of the September 24, 2015, deadline to commence injection into the above named well for reasons outlined in the attached correspondence.

It is the Division's understanding from your request that there have been no significant changes in the information provided in the application submitted for review and approval of this order. These changes include the completion of new wells within the Area of Review that penetrated the approved injection interval and any changes in ownership.

The Division finds that granting this request to extend this administrative order is in the interest of conservation, will prevent waste, and will protect the environment.

All requirements of the above referenced administrative order and agreements in the application remain in full force and effect.

September 1, 2015

Phillip,

I am requesting an extension for SWD-1439 that expires on September 24, 2015. Due to business circumstances beyond our control our efforts were concentrated elsewhere.

TLT SWD, fully intends to convert the Phillips State # 1 API # 30-025-01271 to disposal service.

Respectfully requesting a 1 year extension.

Sincerely,

Billy (Bill) E. Prichard
