Re: Application for Unorthodox Well Location
Windward Federal #5H **API No. 30-025-43174**

Proposed First Perf: 330' FNL 330' FWL, Sec. 30-T24S-R32E
BHL: 50' FSL 330' FWL (Lot 4), Section 31-T24S-R32E
Proposed Last Perf: 100' FSL 330' FWL, Sec. 31-T24S-R32E
Lea County, New Mexico

Dear Mr. Lowe:

Pursuant to Division Rule 19.15.15.13, COG Operating LLC (COG) respectfully requests administrative approval of an unorthodox oil well location for its Windward Federal #5H well. The producing interval of this well does not meet the 330' from the outer boundary of the producing area requirement. Attached is a Form C-102 showing the project area and the producing area of this well.

COG is seeking approval of the unorthodox location in order to maximize recovery of reserves. The New Mexico Oil Conservation Division's approval of the unorthodox completed interval for the Windward Federal #5H well will allow for efficient recovery of reserves thereby preventing waste and improving well performance.

The affected offset tracts are the NE/4 NE/4, Sec.1-T25S-R31E (Tract 1) and the NW/4 NW/4 of Sec. 6-T25S-R32E (Tract 2). Devon Energy Production Company, LP is the operator of both Tracts with Chevron USA, Inc., being a 50% interest owner. A notice letter of this application has been sent by certified mail this date to said operator, as well as Chevron USA, Inc. The notice letter advises the offset operator and interest owner that in the event they have an objection to COG's application, they must file a written letter of objection with the Division within twenty (20) days from the date the Division received this application.

Thank you for your consideration of this application. Should you have questions or require further information, please contact me at 575-748-6958 or by email at dwilbourn@concho.com.

Sincerely,

Debora L. Wilbourn
