Malaga; Delaware Pool (42940) 160 acre spacing

Juniper BIP Federal Well No. 11Y API 30-015-38152  
TO BE Located in Unit Letters D, C, B, A, Sec 9, T24S, R29E  
Cedar Canyon; Bone Spring Pool (11520) 160 acre spacing

It is our understanding that all of these wells and producing pools are contained in one identically owned federal lease - depths including the Delaware and Bone Spring formations.

Oil production from this lease is continuously measured for each well then transported for sales to the Juniper BIP Federal Well No. 5 location in Unit letter F of Section 4.

As allowed in 19.15.12.10 NMAC, Yates' application for surface commingling as proposed in the application is hereby approved. Gas production is not approved for surface commingling.

The operator shall notify the Artesia district office of the Division upon commencement of off-lease measurement and sales.
