Re: Mesquite SWD, Inc.
Sand Dunes SWD # 2
Sec 8, T24S-R31, Eddy Co.
SWD-1667 API 30-015-44131

Mr. McMillan:

Reviewing data from the above referenced well where the hole penetrated the upper-most Montoya formation, the mud-log, sample descriptions, depth and rate of drilling, in my opinion, indicate the dense Montoya dolomite will neither accept nor yield fluid.

Respectfully,

Kay Havenor
