Lea County, New Mexico

Dear Mr. Lowe:

Pursuant to Division Rule 19.15.15.13, COG Operating LLC (COG) respectfully requests administrative approval of a non-standard wellbore location for its Bobwhite 12 State Com #12H well. The producing interval of this well does not meet the requirement of the producing area being 330' from the outer boundary. Attached is a Form C-102 showing the project/producing area of this well.

COG is seeking approval of the unorthodox location in order to maximize recovery of reserves. The New Mexico Oil Conservation Division's approval of the unorthodox completed interval for the Bobwhite 12 State Com #12H well will allow for efficient recovery of reserves, thereby preventing waste and improving well performance.

The affected offset tracts are the Tract 1: SW/4SE/4 of Section 1-T21S-R33E; Tract 2: the W/2E/2 of Section 12-T21S-R33E; and Tract 3: NW/4NE/4 of Section 13-T21S-R33E. Offset operators and the lease holders have been notified by Certified Mail of the proposed non-standard location. The notice letter advises said operators and lessors that in the event they have an objection to COG's application, they must file a written letter with the Division within twenty (20) days from the date the Division receives this application.

Thank you for your consideration of this application. Should you have questions or require further information, please contact me at 575-748-6958 or by email at dwilbourn@concho.com.

Sincerely,

A handwritten signature in blue ink that reads "Debora L. Wilbourn".

Mr. Lowe,

I have attached a status sheet of the notifications with proof of notices. Please note the following:

1. Centennial's letter had to be resent on 2/7/8, due to a bad address. It is out for delivery today.
2. There was a typo in the address of Mark Hoffman's letter. I have not received it back, yet, but the USPS website said it was being returned. I am overnighting him a second letter today. Please note, however, that Mark Hoffman is Hoffman Partnership at the same address, so technically, he has received notification.
3. Petro Quest's notification has arrived at the P.O., the P. O. left a notice for them, but the envelope has not been picked up yet.

Regarding this request, **"Please submit a list of the percentages of each affected party located in the tract that is 20 feet from the West line."** I'm not sure what you are asking. Are you wanting the percentages of the owners in our project area, or in the offset acreage? Can you explain to me the reasoning of needing to know the percentage of ownership under any of these tracts?

Offset Tract 1 – COG operates this tract under our Lightning P38 lease. All our owners in this tract have been notified.

Offset Tract 2 – COG operates the entirety of Section 12 under the Bobwhite 12 State Com lease (see lease map in application). All our owners in this tract have been notified.

Offset Tract 3 – EOG A, EOG M & EOG Y are the operators of this 40 acre tract. There is no way COG can know what the percentages of ownership in another operator's acreage.

I have forwarded your request for an engineering statement to the appropriate parties.

**** External email. Use caution. ****

Ms. Debora Wilbourn,

Good morning.

Upon review of your submitted NSL request for the above subject well, please provide the

following.

1. The project area is 20 feet from the West Line, encroaching to the W/2 E/2.
 - Please submit the proof of mailings when COG once received of the affected party located within 20 feet to the West. An e-mail submittal is good, please DO NOT send the entire application again. Just a copy of the mailers (note that it is additional information to an already submitted NSL Application).
 - Please submit a list of the percentages of each affected party located in the tract that is 20 feet from the West line.
 - Please have your Engineer submit a more definitive reason as to why you are encroaching 20 feet to the West.

OCD will wait until you submit the above additional information to further process your NSL application.

Thank you,

Leonard Lowe

Thank you for shipping online with FedEx ShipManager at fedex.com.

Please Note

FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income, interest, profit, attorney's fees, costs and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits. Consult the applicable FedEx Service Guide for details.
 The estimated shipping charge may be different than the actual charges for your shipment. Differences may result based on actual weight, dimensions, and other factors. Consult the applicable [FedEx Service Guide](#) or the FedEx Rate Sheets for details on how shipping charges are calculated.
