Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Ruby 2 State Com No. 604H Well in the W/2 E/2 of Section 2, Township 26 South, Range 34 East, N.M.P.M., Lea County, New Mexico.

Dear Ms. Riley:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Ruby 2 State Com No. 604H Well** (API No. 30-025-44314) to be completed within the Hardin Tank; Bone Spring (96661) underlying Section 2, Township 26 South, Range 34 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 296 feet from the north line and 1,187 feet from the east line (Unit A) of Section 2. The upper most perforation will be located 330 feet from north line and 1,373 feet from the east line (Unit B) of Section 2 and the lower most perforation will be 330 feet from the south line and 1,374 feet from the east line (Unit O) of Section 2. Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox because it is closer than 330 feet to the northeastern, eastern, and southeastern boundaries of the project area.

EOG is the 100% working interest owner in the SE/4 SE/4 of Section 35, all of Section 2, and the NE/4 NE/4 of Section 11. Approval of the unorthodox completed interval will allow EOG to use their preferred well spacing plan for horizontal wells in this area and thereby prevent waste.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Ruby 2 State Com No. 604H Well** encroaches on the spacing and proration units to the northeast, east, and southeast.

Exhibit B is a land plat for Section 2 and the surrounding sections that shows the proposed **Ruby 2 State Com No. 604H Well** in relation to adjoining units and existing wells.

Exhibit C is an affidavit from the landman verifying that EOG is the 100% working interest owner in the SE/4 SE/4 of Section 35, all of Section 2, and the NE/4 NE/4 of Section 11.

As described above, EOG is the 100% working interest owner in the SE/4 SE/4 of Section 35, all of Section 2, and the NE/4 NE/4 of Section 11. Accordingly, there are no affected parties in the spacing units to the northeast, east, and southeast of the proposed well. A copy of this application has been provided to the State Land Office.

Your attention to this matter is appreciated.

Sincerely,

Adam G. Rankin
