Subject: [EXT] Please Flag Coombes SWD 1 - Section 22, 20S 33E
Attachments: Lowry Environmental - Coombes SWD 1 - 2019-03-22.PDF

Gentlemen:

BLM will object to this location in Section 22, 20S 33E at 1630' FSL & 200' FEL because it's location respective deep buffer breaks a designated development area. I spoke to the proponent (Permian TDS, LLC, Lovington) this morning and it sounded like they were going to relocate towards the drill island along the southeastern section line. There was some push back from them because the surface is private but I told them the lands & minerals inside the designated Potash Area is still governed by the Secretary.

I sent them updated drill island map to assist in their planning.

Thank you for your consideration and review.

Jim

Mr. Lowery:

OCD was notified by bureau of Land Management that it is protesting this application. This party is identified as an affected person for the location being considered for the application. You are being notified that if Permian TDS, LLC wishes for this application to be considered, they must either go to hearing or may be reviewed administratively if the protest is withdrawn as a result of a negotiated resolution with this party. The application will be retained pending resolution of the protest. Please continue to provide OCD with information regarding the standing of this application. Please me call with any questions on this matter.

Mr. McMillan,

I am in receipt of your email. We spoke to the Potash Specialist and are working to come up with a solution. I may touch base with you this afternoon over the phone. Alternatively, feel free to call me after lunch.

Respectfully,

Joel Lowry

Joel:

Your application should have been **suspended and not protested**. Your application is suspended because of problems associated with the requirements of Hearing Order R-111-P.

Sorry about the confusion

Mike

Subject: [EXT] Re: [EXTERNAL] Notification of Protest for Application to Inject Coombes SWD Well No. 1 Bureau of Land Management

Good Afternoon Mike,

BLM proposed the Coombes SWD 1 to Intrepid Potash as a single well under one of the three exceptions available in the administration of the Secretary's Potash Order. Intrepid reported to BLM that they would not object to the location of the well as staked. BLM rescinds the protest of well.

Thank you for your patience.

Jim
