Mr. Anderson,

After review of applicable information, and because it was necessary to send out a notice clarification, the effective protest period was technically reopened and is still open until January 17, 2020 (15 days after the letter was sent out). Therefore, the protest is timely and will be recognized. The Division appreciates understanding regarding any confusion with the validity of the protest. Please keep the Division informed if there is a resolution to the protest. In the meantime, further review of the application will be postponed until such time as the protest is resolved, or a hearing date for the application is set.

Thank you,
